Immerse Yourself in a Virtual Library of Medical Resources

Expert Consult Online grants you unlimited access to an extensive collection of leading textbooks, authoritative journals, and multimedia content. Delve into the depths of medical knowledge from the comfort of

your home or office, effortlessly navigating through a vast array of trusted sources.

- **Access over 1500 textbooks:** Gain instant access to the latest editions of essential medical textbooks, covering all major medical disciplines. Stay informed with the most up-to-date research and clinical guidelines.
- **Explore over 120 medical journals:** Tap into the latest medical research and advancements published in prestigious journals from major medical societies. Stay abreast of cutting-edge findings and innovative treatment approaches.
- **Utilize multimedia content for enhanced learning:** Engage with a rich collection of videos, animations, and interactive simulations. Enhance your understanding of complex medical concepts and surgical techniques with interactive and visually appealing content.

Harness the Power of Seamless Integration

Expert Consult Online seamlessly integrates with the print editions of your favorite medical resources. With the Expert Consult app, you can seamlessly bridge the gap between your digital and physical resources. Scan QR codes within your print books to instantly access the corresponding online content, enriching your learning experience and providing instant access to supplementary materials.

- **Enhance your textbook reading:** Access additional online content, such as supplemental videos and interactive quizzes, to complement your textbook studies. Deepen your understanding of the material and reinforce key concepts.

- **Stay updated with journal articles:** Scan QR codes within journal articles to view the latest research findings, related multimedia content, and author updates. Stay informed and engaged with ongoing medical advancements.

Tailor Your Learning Experience to Your Needs

Expert Consult Online empowers you to customize your learning experience according to your preferences. Create personalized folders and playlists to organize your resources and easily access the most relevant content for your current focus areas. Share your curated content with colleagues and students, fostering knowledge exchange and collaboration.

- **Create personalized folders:** Organize your resources based on topics, interests, or courses. Quickly locate the materials you need, saving time and maximizing efficiency.
- **Curate customized playlists:** Compile video lectures, journal articles, and other multimedia content into tailored playlists. Streamline your learning and engage with the most relevant resources for specific topics.
- **Share your knowledge:** Share your curated resources with colleagues and students, facilitating collaboration and knowledge dissemination. Enhance teamwork and foster a culture of continuous learning.
