**This book examines the role of armed forces in democratic transitions worldwide.** It provides a comprehensive analysis of the factors that influence military behavior in these contexts, and offers practical recommendations for policymakers and practitioners seeking to promote democracy and stability.

**The book is divided into three parts.** The first part provides a theoretical framework for understanding the role of armed forces in democratic transitions. The second part presents a series of case studies of armed forces in different countries that have experienced democratic transitions. The third part offers practical recommendations for policymakers and practitioners seeking to influence armed forces in support of democratic transitions.

**This book is a valuable resource for scholars, policymakers, and practitioners interested in democratic transitions.** It provides a comprehensive analysis of the role of armed forces in these contexts, and offers practical recommendations for promoting democracy and stability.
