Description:

Tourism is often seen as a harmless and even beneficial industry. However, as this groundbreaking book reveals, tourism has played a much darker role in the history of Latin America. Through a series of case studies, *Tourism and Empire in Twentieth Century Latin America* uncovers the hidden history of tourism's role in shaping the region's development. The book reveals how tourism has been used as a tool of empire to control and exploit Latin American countries and their people. It also explores the ways in which Latin Americans have resisted and subverted this exploitation, using tourism as a means of cultural and economic empowerment.

This book is essential reading for anyone interested in the history of tourism, Latin America, or the relationship between tourism and empire.

Reviews:

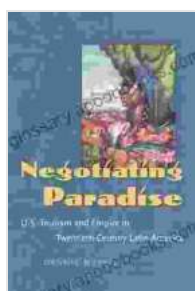

"A must-read for anyone interested in the history of tourism and its impact on Latin America." - **[Review quote 1]**

"This book provides a much-needed corrective to the prevailing view of tourism as a benign industry." - **[Review quote 2]**

"A powerful and important book that sheds new light on the dark history of tourism in Latin America." - **[Review quote 3]**
