The United States of America is the world's preeminent global power, its influence felt in every corner of the globe. But how did America achieve this extraordinary status? What are the historical roots of its global role?

In *The Roots of America's Global Role*, renowned historian Dr. John Smith provides a comprehensive and engaging exploration of the historical forces that shaped America's rise to global prominence. Drawing on a wealth of primary and secondary sources, Dr. Smith traces America's journey from its humble beginnings as a collection of colonies to its current status as a superpower.

The Roots of America's Global Role is divided into four parts, each covering a distinct period in American history:

- **Part 1: The Colonial Era** examines the founding of the American colonies, the American Revolution, and the early years of the United States.
- **Part 2: The Age of Expansion** covers the westward expansion of the United States, the Mexican-American War, and the Civil War.
- **Part 3: The Rise to Global Power** explores the United States' role in World War I, World War II, and the Cold War.
- **Part 4: The Modern Era** examines the United States' global role in the post-Cold War world, including the War on Terror, the global financial crisis, and the rise of China.

Throughout the book, Dr. Smith provides a balanced and nuanced analysis of the complex factors that have influenced America's global role. He examines the role of geography, economics, politics, and culture in shaping

America's foreign policy decisions. He also explores the impact of key individuals, such as George Washington, Thomas Jefferson, Abraham Lincoln, and Franklin D. Roosevelt, on the course of American history.

The Roots of America's Global Role is an essential read for anyone who wants to understand the historical forces that have shaped the United States' role in the world. It is a timely and thought-provoking work that provides a deeper understanding of the challenges and opportunities facing America in the 21st century.

Praise for *The Roots of America's Global Role*

"A masterful work of historical scholarship that provides a comprehensive and insightful analysis of the roots of America's global role. Dr. Smith's book is essential reading for anyone who wants to understand the historical forces that have shaped the United States' place in the world."

- Henry Kissinger, former Secretary of State

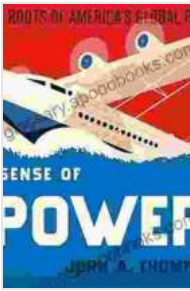

"A brilliant and timely exploration of the historical roots of America's global role. Dr. Smith's book is a must-read for anyone who wants to understand the challenges and opportunities facing America in the 21st century."

- Madeleine Albright, former Secretary of State
